## SERVICE AND REGULATORY ANNOUNCEMENTS

### BUREAU OF ANIMAL INDUSTRY

JANUARY, 1929

[This publication is issued monthly for the dissemination of information, instructions, rulings, etc., concerning the work of the Bureau of Animal Industry. Free distribution is limited to persons in the services of the bureau, establishments at which the Federal meat inspection is conducted, public officers whose duties make it desirable for them to have such information, and journals especially concerned. Others desiring copies may obtain them from the Superintendent of Documents, Government Printing Office, Washington, D. C., at 5 cents each, or 25 cents a year. A supply will be sent to each official in charge of a station or branch of the bureau service, who should promptly distribute copies to members of his force. A file should be kept at each station for reference.]

**PROCEEDINGS UNDER PACKERS AND STOCKYARDS ACT**

The Department of Justice, in 1927, instituted suit under the provisions of the packers and stockyards act against the B. S. Pearsall Butter Co., Elgin, Ill., for failure to file an annual report of its business, as required by the Secretary. The case was terminated on January 12, 1929, by the entry of a judgment by consent against the defendant in the sum of \$1,000, and a check for that amount was received from the defendant in full satisfaction of the judgment. In addition, the defendant company filed annual reports of its business for the calendar years 1926, 1927, and 1928.

**CHANGE IN INSTRUCTIONS CONCERNING MOVEMENT OF LIVESTOCK**

In the new booklet, Instructions Concerning Work Under Regulations Governing Interstate Movement of Livestock, page 31, paragraph 121, the word "quadruplicate" in the second line and the word "three" in the seventh line should be changed to "triplicate" and "two" respectively. The word "triplicate" in the fourth line should be crossed out.

**SUNDAY AND HOLIDAY LEAVE**

Much annoyance, inconvenience, and in many cases considerable embarrassment have been caused recently by reason of failure of inspectors in charge and others to observe carefully the notice on page 27 of the Service and Regulatory Announcements for March, 1919, regarding "definite" and "indefinite" leave without pay when a Sunday or a holiday is involved.

The matter could not be made plainer than as stated in the instructions referred to, and all employees concerned, particularly clerks charged with the duty of keeping time records and reporting them to the bureau, should read those instructions carefully.

Special attention, however, should be directed to the urgent importance of showing the necessary information on the monthly time report whether or not application has been made through the Washington office or has been filed in the Washington office after the employee has returned to duty.

It may be stated incidentally that the rules pertaining to Sunday and holiday leave will be found in paragraph 491 of the current edition of the Administrative Regulations. The last sentence of paragraph 522 should also be noted in the same connection.

**RESULTS OF PROSECUTIONS FOR VIOLATIONS OF LAWS**

Fines and penalties have been imposed in prosecutions for violations of regulatory laws, as reported to the bureau, as follows:

**Livestock Quarantine Law**

Andrew O. Taylor and Ernest Bokleman, Gardnerville, Nev., interstate driving of dairy cows without tuberculin test, \$100 fine each.

Missouri Pacific Railroad Co., interstate transportation of 1 dead hog in the same car with live animals, \$100 fine.

Rufe Morgan, Englewood, Tenn., interstate transportation of cattle without tuberculin test, \$100 fine.

**Twenty-eight Hour Law**

Atlanta, Birmingham & Coast Railroad Co., \$100 penalty.

Central of Georgia Railroad Co., \$100 penalty.

Chicago, Rock Island & Pacific Railroad Co., \$100 penalty.

Cincinnati, New Orleans & Texas Pacific Railway Co. (2 cases), \$200 penalties.

Missouri-Kansas-Texas Railroad Co. (2 cases), \$200 penalties.

Missouri Pacific Railroad Co. (2 cases), \$200 penalties.

Mobile & Ohio Railroad Co., \$100 penalty.

New York Central Railroad Co., \$100 penalty.

St. Louis-San Francisco Railway Co. (3 cases), \$300 penalties.

Wabash Railway Co., \$100 penalty.

**Meat Inspection Law**

Harry Waldman, Atlantic City, N. J., offering uninspected meat for interstate shipment, \$10 fine.

William Rabinowitz, Philadelphia, Pa., using secondhand containers bearing domestic meat labels for meats cured at his establishments without inspection, \$100 fine.

**FOOT-AND-MOUTH DISEASE APPEARS IN CALIFORNIA**

Foot-and-mouth disease was positively diagnosed on January 18 in a herd of about 3,500 garbage-fed swine near Whittier, Los Angeles County, Calif. The entire herd together with a small number of exposed cattle and goats in the vicinity was slaughtered and buried the following day. Two weeks later the infection appeared in a herd of 51 cattle near Downey, Calif., about 8 miles from the infected hog ranch. That herd also was promptly slaughtered and buried. Suppression of the disease is being conducted by a corps of trained inspectors, most of whom are veterans of former outbreaks. Quarantine has been established; cleaning and disinfection are under way and all livestock in the vicinity is being kept under close supervision. The source of infection, while not definitely established, appears to have been garbage trucked to the hog ranch from a vessel docked in the harbor of San Pedro.

The foregoing outline of the situation is published for the information of bureau employees and gives the essential developments up to February 2 (the time of going to press). The bureau urges that all employees who may be directly or indirectly associated with the outbreak observe the maximum diligence so that this plague may be stamped out with the greatest dispatch.

Further details concerning the outbreak and the progress of its eradication will be published in the Official Record.

**NEW PUBLICATIONS OF THE BUREAU**

[The bureau keeps no mailing list for sending publications to individual employees, but sends copies to officers in charge of stations and offices. These publications should be regarded as notification copies. So far as possible additional copies will be furnished on request.]
